Programme: Multi-disciplinary Drawing Office Practice N4/N5

Description

Do you have a passion for the Drawing / Design field? What would you like to specialise in? This course covers different disciplines of Engineering such as Building, Mechanical, Piping, Electrical and Structural Steel Detailing. Majority of these disciplines are done on a computer with draughting software.

Admission Requirements

Knowledge, comprehension and application of language. We recommend Mathematics, Physical Science and Technical Drawing at Matric level or equivalent. However, should you not have these, we have bridging courses for these subjects to equip you to succeed in this field. These bridging courses are 3 months in duration.

Selection Procedure

A candidate with the above qualifications will enter into a selection process that consists of a PIB (Potential Index Battery) test and an interview.

Programme Content

- CAD N5 (AutoCAD 2D Software)
- Mechanical Orientation N4
- Building Draughting N5
- Mechanical Draughting N4
- Electrical Draughting N5
- Structural Steel Detailing N5
- Pictorial Draughting N4
- General Draughting N4

Duration

One year

Career Path/ Opportunities

- Junior draughtsperson in any of the related disciplines
- CAD operator
- On successful completion, a student can study towards an Engineering qualification (Nated N4, 5, 6)
- Student can study the Engineering Design & Draughting courses.

Course Fees

R35 000. R 3000 deposit and the balance payable in equal instalments over 10 months.

Additional Costs (books, kits, etc)

Drawing Kit and Student Card – R750. Students are required to download Auto-Cad software on their own.

Certification

On successful completion of the programme, the student will receive a National certificate from the Department of Higher Education and an African Academy statement of results.
